Introduction

The Audi Q7 is the epitome of quattro® – materialised in a progressive form. Powerful and striking.

The Q7 melds the power of the Audi saloon with the versatility of an all-road vehicle to create a truly innovative offering.

Introduced to the Audi family in 2006, the Q7 brings flexibility and adaptability to the SUV range, making it ideal for both agile city driving and demanding adventures off the beaten track.

Weighing 325kg less than its predecessor model, and with multiple driving modes and reduced CO2 values for maximum fuel efficiency, the Q7 is pioneering in its class.

Combined with this remarkable athleticism, the Q7 offers over 2,000 litres of luxury interior space for comfort and storage; and is fully integrated with intuitive Audi Connect technology for an unmatched digital experience.

Bold and unique, the Audi Q7 effortlessly redefines the SUV.

There's a sign for maximum efficiency at Audi.

ultra

The new Audi Q7 weighs up to 325kg less than its predecessor model. This has been achieved through progressive ideas and an intelligent mix of materials. As a result, the Q7 has even better driving dynamics, increased efficiency, and CO₂ values that are exemplary in its class.

So just how lighter is the new Q7 compared to the previous generation?

325 kg correspond to:

- ▶ a family of two adults (75 kg each) and five children (35 kg each)
- ▶ a small grand piano
- ▶ about seven refrigerators
- ▶ The Irish rugby team front row

Weight reduction in the new Audi Q7 is through a combination of many small savings that when combined are massive - 325kg, or the weight of a grand piano.

Meet Boguslaw Jan Nowak who works in Audi Q7 exhaust system development.

The completely new Q7 exhaust system is 19 kilograms lighter than the previous version. It's one of many components we've reduced in weight.

quattro
**Stick to
the road.**

With quattro®.

In the new Audi Q7, the tried-and tested quattro drive brings excellent driving dynamics, with even more traction in standard models. The new Audi drive select modes, like “off-road”, make impressive use of the vehicle’s capabilities.

With quattro, have the road completely under your control, thanks to permanent distribution of the drive force to all four wheels. The rear axle is variably controlled via a self-locking centre differential. Experience handling stability, dynamism and agility as never before, and combat the effects of over- and understeer.

Tame any road, and nearly any surface.

Improved traction, better grip, more driving fun. Welcome to new quattro all wheel drive in the new Audi Q7

The all new Q7: 7 Seats as standard

Space is what the Q7 does best. Customisable to whatever your needs, this pioneering Audi can seat two, three, four, five, six or seven, and up to six child seats.

The Q7 optionally includes separately adjustable seats for flexible volume in the luggage compartment, and a third row of seats as standard, with two individual seats and electric folding and raising backrests.

The third row has all the features of the rear bench seat, plus double-folding outer seats for convenience:

- ▶ Individual seats in the rear of the third row, each equipped with ISOFIX child seat mounting and Top Tether anchorage point, separately electrically folding for a flat loading floor
- ▶ Operation of electric folding from the trunk or from the entry area of the second row of seats
- ▶ Includes seat belt force limiters and a child seat approval of group III

SE Model Standard Equipment

Wheels, Tyres and Suspension

18" forged aluminium wheels in 5-arm design with 255/60 R18 Tyres

Anti Theft wheel Bolts

Electromechanical Parking Brake

Dynamic Suspension 5-link front axle with 5-link rear axle enabling a comfortable sporty drive

quattro permanent all-wheel drive with asymmetric / dynamic torque distribution through a self-locking centre differential and wheel-selective torque control.

Audi Drive Select allows vehicle characteristics to be set in the available modes auto, comfort, dynamic, efficiency, allroad, offroad or lift/offroad

Tyre Pressure loss indicator

Electromechanical Power Steering

Tiptronic Gearbox 8-speed automatic transmission

18" 5 Spoke Design alloy wheels

Audio & Communication

Audi Bluetooth Interface allows hands-free calls to be made in the vehicle using the microphone and depending on the mobile phone compatibility Bluetooth audio streaming.

Audi Sound System impressive sound thanks to 6-channel amplifier with a total output of 180 watts and 10 loudspeakers including centre speaker and subwoofer

Driver Information System with colour display displays a host of useful information on a high-resolution 7-inch colour display in the instrument cluster.

Audi Music Interface (2 USB interfaces, one with charge and data function, one with charge function)

Voice Control allows voice control in natural language of the car phone, radio, CD player, DVD changer, TV tuner and the navigation system with many important device functions.

DVD Player for DVDs or CDs; supports audio CDs and video DVDs;

MMI Control Panel with MMI Touch

Audio & Communication

MMI Navigation Plus with MMI Touchpad

navigation system with high-resolution 8.3-inch colour display

Map update: download of current navigation data 3D map representation with display of lots of sightseeing information and city models
MMI search: free text search with intelligent destination suggestions during entry

detailed route information: map preview, choice of alternative routes, POIs, lane recommendations, motorway exits, detailed junction maps etc.

MMI touch: touch-sensitive control panel for fast, intuitive operation e.g. destination entry by means of handwriting recognition as well as free movement and zooming in the map

easy operation of the infotainment via natural language with address entered in a sentence

access to smartphone voice control

additional display of navigation map in 7-inch driver information system or in optional fully digital 12.3-inch Audi virtual cockpit

embedded sim with 3 month free trial for Audi Connect (including data)

High Resolution 8.3 inch colour retractable MMI Display screen on dashboard

Retractable MMI Screen

SE Model Standard Equipment

Exterior Equipment

Xenon Plus headlights intensive road illumination, good uniformity and range thanks to headlights with durable gas discharge technology for dipped and high beam. The automatic headlight range control prevents oncoming traffic from being dazzled. The daytime running lights use LED technology with low power consumption.

Exterior Door mirrors – electrically adjustable, heated and folding, including automatic kerb-side function for the exterior mirror on the passenger side, convex, flat or aspherical mirror glass; body-coloured housing

Solid Paint Finish – Front and rear bottom bumper section and sill trims and wheel arch trims grained in anthracite, door trim strips with quattro embossing and underbody protection, front and rear, in Barcelonetta silver.

Gloss package window slot trims in aluminium look, outer B- and C-pillar trim in gloss black

Exhaust tailpipes dual-branch design, with rectangular trims

Xenon Headlights with LED daytime running lights

Exterior Equipment

Chrome roof rails for safe transportation of items, strong and aerodynamically shaped, in anodised aluminium

Heat-insulating glass tinted green; windscreen and front door windows in acoustic glazing for improved external noise insulation; rear window heated, with timer

LED Rear lights brake lights, tail lights, rear fog lights, indicators and rear number plate lights in low-energy LED technology.

Parking System Plus Acoustic and visual front and rear parking system assists with parking and manoeuvring. Shown in the MMI display.

Luggage compartment lid, electrically opening and closing opens via a button on the vehicle key or in the driver door or by means of the soft-touch button in the luggage compartment lid handle recess;

Electrically Operated Boot Lid Opening

Seats

Heated Front Seats separate temperature setting for each seat, fast activation regardless of engine operating temperature,

Cricket Leather upholstery fully penetrated with dye, the leather provides outstanding surface protection thanks to the paint finish. The leather is extremely hard-wearing and durable, tanned without the use of chromium and gives a high-quality impression with its grained surface.

ISOFIX child seat mounting with fixing for six child seats front passenger seat (with airbag deactivation) and rows two and three.

Electric Seat Adjustment with electric adjustment of seat height, fore/aft position, seat and backrest angle as well as electric 4-way lumbar support.

Rear Seat Bench Plus seats of the 2nd row allow individual manual adjustment of fore/aft position at a ratio of 35 : 30 : 35 as well as the backrest angle.

Seats

Seven Seats 3rd row with 2 seats in the rear with 2 additional ISOFIX child seat mountings with Top Tether, can be split and electrically folded down flat to create a level loading floor.

Head Restraints for all seven seats - front 2 being height adjustable. Rear 5 fold down to allow flat cargo area.

Comfort Front Centre Armrest with fold-open storage compartment, fore/aft position can be adjusted separately for driver and front passenger

Cricket Leather heated electric seats

SE Model Standard Equipment

Interior Equipment

Leather steering wheel in 4-spoke design with multifunction plus and shift paddles with 14 multifunction keys for conveniently operating the available infotainment features

Interior Lighting package in addition to interior lighting: contour lighting for dashboard and front and rear door trim; with optional exit warning function; lighting of front and rear door pockets with capacitive activation (contactless light control); front and rear ambient door lighting; courtesy lighting in door handles

2-zone deluxe automatic air conditioning electronically regulates the air temperature, flow rate and distribution, separate temperature distribution for driver and front-passenger side.

Interior mirror with automatic anti glare

Upper Inlays in Diamond Paint Finish, Lower Inlays in Anthracite Eloxal paint finish

Light/rain sensor to control the automatic lights-on function and automatic windscreen wipers

Cigarette lighter and ashtray removable; chrome-plated cover with Audi rings, cigarette lighter replaces the standard 12V socket in the centre console

4 Spoke Leather Multifunction Steering wheel

Interior Equipment

Cloth Headlining

Door sill trims in aluminium inlay

Double Sun Visor for driver and front passenger; simultaneous front and side protection possible with illuminated vanity mirrors

Front and Rear floor mats

Cigarette lighter and ashtray in the front centre console

Remote Control Key

Engine Start-Stop Button

Storage compartments including nets on the rear seat backrest of the front seats

2 Cup holders in the centre console and 1 12v socket

Glove compartment on the front-passenger side, lockable, large-volume, illuminated, with holder for writing utensils

Electric one touch windows front and rear

Adjustable steering column for height and reach

2 Zone Deluxe Climate Control

Safety and Security

Front airbags with front passenger deactivation

Front side airbags with head level airbag system

Cruise Control with settable speed limiter at speeds from about 30 to 250 km/h and above, the system keeps the set speed constant,

First aid kit with warning triangle

Tyre Pressure loss indicator

Integrated head restraint system increases the protection and reduces the risk of whiplash

Start-Stop System with energy recuperation helps to reduce fuel consumption and CO₂ emissions by automatically switching off the engine when the vehicle is stationary,

3 point seat belts for all seven seats front with height adjustment and reminder function

Electrically operated child proof locks

Safety and Security

Pre Sense City can detect vehicles and pedestrians in a speed range of up to approx. 85 km/h. If an imminent collision is detected, the system warns the driver and, if necessary, can initiate a maximum deceleration action to reduce the speed or, if possible, prevent the collision.

Anti theft alarm monitors doors, bonnet and luggage compartment lid; includes interior monitoring (can be deactivated), tow-away protection via angle of inclination sensor and signal horn independent of vehicle electrical system.

Antilock Brake System (ABS)

Anti-Slip Regulation (ASR)

Electronic Differential Lock (EDL)

Electronic Stabilisation Control (ESC)

Fuel tank (75 l) with additional 12 l AdBlue tank

Seat Belt reminder

Remote Control Central Locking

Audi PreSense City

SE Business Equipment

SE Business adds the following equipment to SE for €4,900

- ▶ Colour Co-Ordinated Bumpers
- ▶ Valcona Leather
- ▶ Upper Inlay in Diamond finish silver, lower inlay in grey oak
- ▶ Sport Seats or Comfort Seats with electric lumbar support
- ▶ 19" 5 V Spoke Alloys
- ▶ Virtual Cockpit

Sport Seats in Valcona Leather

Virtual Cockpit

19" 5 V Spoke Design Alloys

Colour Co-Ordinated Bumpers

S-Line Equipment

S Line adds the following equipment to SE for €6,900

Wheels, Tyres and Suspension

20" Cast aluminium wheels in 5-parallel-spoke design size 9 J x 20 with 285/45 R 20 tyres

Exterior Equipment

LED Headlights -allow precise, near-daylight illumination of the road; combines LED dipped beam, high beam, daytime running lights, motorway light, indicator and static turning light as well as all-weather light; including headlight cleaning system; motorway light that automatically increases headlight range from a speed of approximately 110km/h; all-weather light to reduce the risk of the driver being dazzled when visibility is poor; striking light pattern in day and night design configurations; low energy consumption and long service life, including high-beam assist

LED rear lights with dynamic indicator same functions as the LED rear lights, but additionally feature a dynamic and quickly recognisable lighting

Exterior Equipment

Headlight cleaning system

Diffuser insert in platinum grey, insert with honeycomb grid in black

Front and rear bottom bumper sections, door trim strips and wheel arch trims painted in body colour

Front and rear bumpers, door trim strips, side radiator grilles and diffuser insert in a striking, sporty design

Radiator grille in high-gloss black

Loading sill protector in stainless steel

Door sill trims with S Line logo

S line emblem on the front wings

Loading sill protector in stainless steel

Interior Equipment

S line badge on the steering wheel

Extended aluminium look in the interior with pedals in stainless steel

Upper inlay in brushed aluminium, Sono
Lower inlay in chrome paint finish, slate grey

Gear selector lever knob in black perforated leather

S line sport leather steering wheel in 3-spoke design with multifunction plus and shift paddles in black leather (steering wheel grips in perforated leather) and with S line emblem

Interior, dashboard and headlining in black, contrasting stitching on seat upholstery; sport leather steering wheel, leather-covered centre armrest, floor mats and door armrest (if ordered)

Seats

S line seat upholstery in Valcona leather, in black or rotor grey with S embossing in the front-seat backrests

Sport seats, front electrically adjustable, including electrically adjustable 4-way lumbar support

Infotainment

Virtual Cockpit innovative, fully digital 12.3-inch instrument cluster for the flexible display of information tailored to the drivers needs such as: vehicle speed/engine speed, map representation, radio/media information etc.; the Audi virtual cockpit is operated via the multifunction steering wheel.

S Line Body Styling

The Audi Q7 e-tron 3.0 TDI quattro

The e-tron Philosophy

Audi e-tron takes progressive technology and blends it with everyday usability, creating the electric driving experience of tomorrow. For you this means premium-mobility, a hassle-free drive that has its foundations in the design you've already come to expect from an Audi. No more compromise.

Easy to charge, highly efficient and a significant step towards our vision to be CO2 neutral, Audi e-tron gives you the flexibility to choose to drive with just the combustion engine, just the electric drive, or in hybrid mode with both.

Charge Time

*When charged through an industrial socket i.e. a public charging point.

CO2

Average charge time 2.5 Hours through an industrial socket

Average charge time 8 hours through household socket

Speed 0-100km/h

The average trip distance of travel by motorists is only 11 kilometres. The new Audi e-tron not only offers up to 56km of pure electric range but also up to 1,320km of combined range.

Speak to our dedicated e-tron specialists to find out more about the superb low running costs and unrestricted premium driving available to you.

Average charge time according to <https://www.apple.com/ie/batteries/>

The Audi Q7 e-tron 3.0 TDI quattro

In addition to standard SE equipment the e-tron features:

- ▶ 19" e-tron specific Alloy Wheels '5 arm aero design'
- ▶ Audi Virtual Cockpit:
 - innovative, fully digital 12.3-inch instrument cluster for the flexible display of information tailored to the driver's needs, such as:
 - Vehicle speed/engine speed
 - Map representation
 - Radio/media information etc.
 - the Audi Virtual Cockpit is operated via the multi-function steering wheel
- ▶ Public Charging Cable + Home Charging Cable
 - with a graphic display for charging information
- ▶ Audi Connect
 - provides access to a number of different online services via an internal 3G online services via an internal 3G module. Audi Connect services include: Navigation using Google Earth and Google Street View, destination entry via Google Maps or myAudi, point of interest entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and latest world news

The Audi SQ7 TDI

SQ7 additional equipment over S Line:

The Audi SQ7 TDI has 435hp and 900Nm of torque at its disposal, thanks in part to a 48V electric powered Audi turbo compressor, it accelerates from 0 to 100 km/h in a mere 4.8 seconds, making the SQ7 the benchmark for performance in its segment.

The electromechanical active roll stabilisation is a new innovative technological solution in this market, making controlled, sporty handling possible. This car rolls less on bends, lateral inclination is markedly reduced and the tendency to understeer is more controlled. This enables higher lateral acceleration and thus, faster cornering.

As an option, the SQ7 can be equipped with the advanced dynamic driving package, which comprises three technology modules: quattro with sport differential, all-wheel steering and the new electro-mechanical active roll stabilisation.

With the SQ7 comes the first ever appearance of an electric powered compressor in a production vehicle. This supports the work of the two turbochargers, especially at low revs, assuring agile starting performance. The result is dynamism without any hint of turbo lag.

Infotainment

Larger fuel tank - 85 litres

Larger AdBlue tank - 24 litres

48 volt electrical system - the electric compressor works along side both turbochargers which results in a 0-100km/h time of 4.8 seconds and reduces turbo lag.

Exterior Equipment

Door sill trims with SQ7 logo

Aluminium door mirrors

Headlight washer system

Interior Equipment

Audi Connect provides access to a number of different online services via an internal 3G online services via an internal 3G module. Audi Connect services include: Navigation using Google Earth and Google Street View, destination entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and latest world news.

Product Highlights

MMI Navigation with MMI Touchpad together with a new gear selector lever

The Q7 is equipped with 7 seats as standard. The third row offers two fully usable single seats. Both electrically fold down and up separately to extend the luggage compartment as needed

The Audi virtual cockpit is an innovative, fully digital instrument cluster embodying the progressivism of the Audi Q7 in the interior. The 12.3-inch LCD screen with a very detailed and brilliant resolution of 1,440 x 540 pixels replaces the classic instrument cockpit. Generally the Audi virtual cockpit offers two display

Options

Audio & Communication		SE	SE Bus	S-Line	Priced from
9VS	<p>Bose 3d Sound System impressive sound reproduction with 19 loudspeakers including 3D Sound loudspeaker, centre speaker and subwoofer, 15-channel amplifier with a total output of 558 watts; spatial sound reproduction with the new sound feature 3D Sound for the front seats. This is created by means of additional loudspeakers in the A-pillar, the midrange speakers and Bose Advanced Staging Technology. The 3D sound can be created with all sources. This creates a uniquely authentic 3D surround experience in the vehicle, giving the impression of sitting in the first row of a concert hall. Lighting in the loudspeaker covers</p>	•	•	•	€1,751
8RF	<p>Bang & Olufsen Sound System fascinating sound reproduction via 23 loudspeakers including 3D Sound loudspeaker, centre speaker and subwoofer, each with its own amplifier and exclusive aluminium loudspeaker covers; centre speaker and 2 automatically extending acoustic lenses on the instrument panel for superb true-to-detail sound performance from every seat. The 23-channel amplifier with integrated high-efficiency ICE Power amplifiers has a total output of 1,920 watts.</p>	•	•	•	€9,361
9ZE	<p>Audi Phone Box. Allows phone calls with improved reception quality by placing mobile phone into the compartment in the front centre console; can be charged via USB connection and wireless charging (Qi standard) hands-free facility and voice control (telephone); low SAR radiation in the interior of the vehicle thanks to connection to vehicle aerial; operated via radio/navigation systems or the multifunction leather steering wheel. In conjunction with Audi connect, Audi phone box includes a car phone function via SIM card slot or rSAP profiles.</p>	•	•	•	€669
QV3	<p>Digital Radio Reception In addition to the range of analogue stations, programmes from digitally broadcast radio stations⁹ can be received according to DAB standard, including DAB+ and DMB audio; display of information accompanying the programme (e.g. artist and title; depending on provision by the respective radio station) as well as additional information in the form of a slide show (e.g. cover, weather)</p>	•	•	•	€594
7A7	<p>Audi Smartphone Interface The Audi smartphone interface connects your smartphone to your Audi. It transfers your smartphone contents to the MMI display directly and seamlessly via USB. Navigation, telephony, music and selected third-party apps can be conveniently controlled using the MMI controller and by voice control.</p> <p>Check with your Audi dealer which devices are compatible with this feature.</p>	•	•	•	€381

2K1	Body Coloured Bumpers Front and rear bottom bumper section and sill trims and wheel arch trims in full paint finish, door trim strips with quattro embossing and underbody protection, front and rear, in Barcelonetta silver	•	S		€838
8X1	Headlight Washers standard when ordered with LED or Matrix LED headlights	•	•	S	€472
8G1	High Beam Assist improves the driver's visibility and ensures a more relaxed drive thanks to the extra comfort and convenience. Depending on the traffic situation, the high beam is automatically switched on or off. Working within system limits, automatically detects the headlights of oncoming traffic, the rear lights of other road users and light sources in built-up areas. In conjunction with the optional night vision assistant, the networked vehicle functions allow the marking light for detected pedestrians for more safety when driving at night.	•	•	S	€229
PX2	LED Headlights allow precise, near-daylight illumination of the road; combines LED dipped beam, high beam, daytime running lights, motorway light, indicator and static turning light as well as all-weather light; including headlight cleaning system and high-beam assist	•	•	S	€2,465
PXC	Matrix LED Headlights The innovative technology combines a camera system with LED light sources and precision optics for highly adaptive light distribution. The system blanks out light that would otherwise shine directly on oncoming vehicles or vehicles in front but continues to fully illuminate all the other areas in between and alongside. The front lighting thus adapts dynamically, providing the driver with a much wider visual range. Includes headlight cleaning system	•	•	•	€3,927
6XL	Electric Folding Mirrors with heat, anti glare and memory The automatic kerb-side function tilts the exterior mirror on the passenger side downwards when reverse gear is selected, giving the driver a better view of the kerb. Only with PV3 or PV6.	•	•	•	€296
