Introduction

The Audi TT is a landmark in design

When revolutionary design meets advanced technology, legends are born. Indeed, when the Audi TT concept car was first unveiled to the public in 1995, it met with immediate and huge acclaim. Few production cars resembled their concept quite as closely as this one. And, when the Audi TT first went on sale in 1998, it quickly became one of the most popular sports car in its class.

In 2006, another milestone. The second generation TT launches. With Audi Space Frame technology, it's 90kg lighter. Translating into an agile and responsive drive that garners award after award.

And now, we're unveiling the third generation TT. Unique, distinctive, unmistakably Audi: the all-new TT continues to define the notion of what a sports car should be.

Have the road completely under control, thanks to permanent distribution of the drive force to all four wheels. The rear axle is variably controlled via a hydraulic multi-plate clutch. Always as the situation demands, always selective. Experience handling stability, dynamism and agility as never before and combat the effects of over- and understeer with quattro. For increased traction and superior propulsive power. Tame any road. And always keep your eyes set on where you're heading. In bends. On straights. Over any surface. For a fascinating experience that sticks. To the road – and in your mind.

Improved traction, better grip, more driving fun. Welcome to new quattro all wheel drive in the new Audi TT

The all new TT: Re-Engineered

quattro

With a body shell that is lighter by 50kg versus its predecessor Audi has once again reduced the weight of the TT. The basis of this achievement is in the bodyshell; its intelligent material mix marks a new evolution of the Audi Space Frame (ASF).

The laser-welded seams in the bodyshell of the new TT are almost five metres long. The roof and the sidepanels – both made from aluminium – are also connected using this technology

All this combines to make the car not only lighter but stronger with an increase in torsional rigidity by 23%

Repositioning the hydraulic multi-plate clutch to the rear axle improves weight distribution.

Scan the QR code with your iPhone / Ipad or Android Device to find out more with the quattro animated experience!

quattro drive – an option for the TT 2.0 TFSI and standard equipment for the TTS – is a USP in the segment.

Its new software, which has been specially configured for the compact sports car, is highly responsive to handling specific parameters such as steering angle, uniting driving fun and safety to a previously unheard-of level. In this new, dynamic philosophy, the coupling diverts substantially more torque to the rear axle under sporty driving conditions. When drifting on a road surface with low friction, it guarantees maximum control and reliability.

On exiting the bend, the front axle pulls the coupe back to the straight. At the edges of the performance envelope, the handling is rounded off perfectly by the wheel-selective torque vectoring, an intelligent software

What is a Personal Contract Plan?

Your Audi journey is about to begin with Audi PCP.

Driving away in the car of your dreams is even more attainable

- ▶ Audi Finance guarantees the minimum future value (GMFV) so you don't have to worry about the re-sale value of your Audi
- ▶ Low monthly payments allow you to drive away in a higher specification model with the latest technologies
- ▶ Based on a minimum deposit of just 10%
- ▶ Fixed interest rate and fixed monthly payments
- ▶ Flexibility at the end of your agreement with 3 options to choose from
- ▶ New Audi every 3 years

no further repayments†

Sport Model Equipment

Wheels, Tyres and Suspension

18" 8.5J '10 Spoke' design alloy wheels with 245/41 R18 Tyres

Anti Theft wheel Bolts

Tyre Repair Kit

Electro Mechanical Parking Brake

Progressive Steering - High steering precision combined with minimised steering effort thanks to variable steering ratio. Increases the vehicle's agility when cornering and reduces steering work when parking

Start-Stop System with energy recuperation

18" x 8.5J '10 Spoke' Design alloy wheels

Audio & Communication

Audi Virtual Cockpit - 12.3" high resolution LCD display. The fully digital instrument cluster is customisable by the driver. All the functions and services are depicted using superb graphics with a 3D impression and detailed effects in brilliant clarity

Audi Music Interface - Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards. The interface provides charging function (dependent on device)

MMI Radio which includes:

- Single CD player and two SDXC memory card readers (MP3, WMA and ACC compatible)
- MMI control panel with MMI touch - a touch sensitive control panel that the user can enter letters and digits on by using fingers
- TP memo, which automatically saves traffic news when driving
- FM and AM (MW) radio reception
- 4 front passive speakers

Audi Virtual Cockpit

Bluetooth Mobile telephone preparation - For hands free mobile phone connectivity and Bluetooth audio streaming (depending on compatibility of mobile phone)

MMI Control Panel with MMI Touch

Sport Model Equipment

Exterior Equipment

Xenon headlights with LED daytime-running lights with automatic headlight range control. Also includes LED rear lights, brake lights and rear indicators

Door mirrors – electrically adjustable and heated with built-in LED side indicators and painted in body colour

Retractable rear spoiler – deploys and retracts automatically at set speed or when the centre console button is pushed

Aluminium Fuel Flap with capless refuelling

Interior Equipment

3-spoke flat bottomed leather-trimmed Sport multi-function steering wheel – Includes speech dialogue system, adjustable in height and distance. With gear shift paddles on S tronic models.

Manual Air Conditioning with adjustable controls integrated directly in the air vents

Inlays in Matt Brushed aluminium design

Aluminium door sill trims

Cigarette lighter and ashtray removable; chrome-plated cover with Audi rings, cigarette lighter replaces the standard 12V socket in the centre console

Seats

Front Sports Seats with integrated head restraints with manual forward, backwards and backrest angle adjustment (on driver's and front passenger's side)

Alcantara/leather upholstery

- Seat centre panels and door trim inserts in Black Alcantara

- Seat side bolsters and head restraints in black leather

ISOFIX child seat mounting for front passenger seat (with airbag deactivation) and outer rear seats. Including Top Tether attachment point

Split folding rear seat

Safety and Security

Front airbags with front passenger deactivation

Front side airbags with head level airbag system

Cruise Control

Warning triangle and car jack and tool Kit

First aid kit

Tyre Pressure loss indicator

Audi Lane Assist (2.0 TFSI only)

Integrated head restraint system increases the protection and reduces the risk of whiplash

Xenon Headlights with LED daytime running lights

Front Sports Seats

3 Spoke Flat Bottomed leather trimmed sports steering wheel. With Shift Paddles on S tronic models.

S-Line Equipment

In addition to the Sport Trim the S-Line trim adds the following equipment

Wheels, Tyres and Suspension

19" x 9J '5 Arm Star Design with 245/35 R19 Tyres

Optional S-Line Sports Suspension –lowers the car by 10mm.

Audi drive select with 4 pre-configured modes – Auto, comfort, dynamic, efficiency and an individual mode, allowing the driver to electronically adjust the engine, transmission and steering. Modes can be selected via a button in the centre console or via the MMI system

Exterior Equipment

LED Headlights - LED Technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all weather light function to reduce the risk of a driver being dazzled when visibility is poor (in fog, rain or snow). Also includes headlight cleaning system

LED tail lights including LED Dynamic Rear indicators

S line badges on the front wings

Radiator grille in high-gloss black

S line body styling comprising:

- S line front and rear bumpers
- S line side sills
- S line rear diffuser with platinum grey insert

Interior Equipment

S line badge on the steering wheel

Extended aluminium look in the interior with pedals in stainless steel

Inlays in matt-brushed aluminium

Door sill trims with S line logo

Gear lever knob in black perforated leather

Black headlining

Seats

Black Alcantara/leather upholstery with S line embossing and contrasting silver stitching on the upholstery, steering wheel and gear knob gaiter

Electric 4-way Lumbar Support - for front seats

Safety and Security

Light and rain sensors – Automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions. Includes coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking

**S-Line Premium is
€3,500 on top of
Sport Trim**

19" 5 Arm Star Design

LED Headlights

S-Line Multi Function Steering Wheel

The all new TTS

In addition to the S-Line Trim the TTS trim adds the following equipment

Wheels, Tyres and Suspension

19" x 9J '5 Arm Facet Design with 245/35 R19 Tyres

Audi Magnetic Ride Suspension

Exterior Equipment

Metallic Paint as standard

TTS body styling comprising:

- Aluminium look Wing Mirror housing
- TTS side sills
- TTS rear diffuser with quad exit exhaust

Safety and Security

Anti - Theft Alarm

Interior Equipment

TTS badge on the steering wheel

Door sill trims with TTS logo

LED Interior Lighting Package

Seats

Fine Nappa Lather upholstery with TTS embossing and contrasting silver stitching on the upholstery, steering wheel and gear knob gaiter

Extended Leather Package. (7HC)

Super Sports seats include integrated head restraints, pronounced side bolsters for improved lateral support when cornering, manual seat adjustment with extendable thigh support and electric lumbar support.

Super Sports Seats and 19" 5 Arm alloys as standard mean the premium sporty design is noticeable from the outside and interior

310bhp and a sub 5 second sprint time show just a glimpse of the performance on offer in Audi best know Sports Car

Product Highlights

The new hardware and software in the Audi TT create a truly dynamic drive with the option of 100% of power to be directed to the rear axle under certain conditions

The optional Bang & Olufsen Sound System produces 680 watts of brilliant sound through a 14 channel amplifier. One of which is mounted below the Drivers Seat.

The new MMI Control panel with cleaner 6 button operating logic and including the free text input search function which uses the MMI Swipe Input.

The further developed voice control understands a broad array of terms from everyday speech. Via Bluetooth, it also enables access to Siri voice control from Apple and other similar smartphone systems.

The iconic TT Fuel Cap Re-engineered for Motorsport like Refuelling

|-----------------------|--|-------|--------|-------------|
| 9VD | Audi sound system. Audi sound system ensures perfectly balanced sound throughout the entire passenger compartment: - 9 speakers in total including centre speaker and two bass speakers in the doors - 5-channel amplifier with a total output of 155 watts | • | • | €360 |
| 9VS | Bang & Olufsen Sound System Features 12 high-performance speakers and a 14-channel amplifier with a total power of 680 Watts. The system is equipped with VNC (Vehicle Noise Compensation), which, through the on-board microphone detects the sound reproduced and compensates for external and internal noise. Delivers High Definition 5.1 surround sound. | • | • | €1,197 |
| 9ZE | Audi Phone Box. Allows telephone calls to be made in the vehicle by placing the mobile phone in the Centre console compartment that is designed for this purpose: - Contains a hands-free system and voice control for the telephone functions - Includes connection to the vehicle's aerial via integrated coupling, hence lower SAR radiation in the vehicle interior - Charging option via USB connection - Operation is via the MMI control unit, the multi-function steering wheel or voice command | • | • | €408 |
| QV3 | Digital Radio Reception in addition to the range of analogue stations, reception of digitally broadcast radio stations according to DAB standard, including DAB+ and DMB audio; display of information accompanying the programme (e.g. artist, title, depending on provision by the respective radio station) as well as additional information in the form of a slide show (e.g. cover, weather); continuous search for alternative reception frequencies of the set station via a 2nd DAB tuner and simultaneous updating of the station list | • | • | €450 |
| QU1 | Digital TV reception Reception of digitally broadcast (DVB-T and DVB-T2) uncoded television stations ² (MPEG-2 or MPEG-4 standard), DVB-T audio stations, teletext, sub-titles and Electronic Programme Guide (EPG); automatic station search; external AV-IN connection via adapter cable possible (available through Audi Genuine Accessories); no picture possible when the vehicle is moving. Not Available on Roadster. | • | • | €1,857 |
| UI2 | Audi Smartphone Interface The Audi smartphone interface connects your smartphone to your Audi. Brings your smartphone content directly to the MMI display via USB. Navigation, telephony, music and selected third-party apps can be conveniently controlled with the MMI controller and via voice control. | • | • | €568 |

Options

| Interior Equipment | | Sport | S-Line | Priced from |
|--------------------|---|-------|--------|-------------|
| 6E3 | Front centre armrest | • | • | €225 |
| QE1 | Storage and luggage package provides additional space for storage, including: - Storage nets on the backs of the front seat back rests - Storage net in the front passenger footwell - Storage under the front seats containing 2 safety vests - A 12V socket and additional LED lighting in the luggage compartment | • | • | €240 |
| PU7 | Auto-dimming rear-view mirror with light and rain sensor package. includes: - A light sensor which detects when the headlights behind are too bright and dims the rear-view mirror automatically - Automatically switches the dipped beam headlights and windscreen wipers on/off depending on the light and rain conditions - Coming home/leaving home function which delays the deactivation of the front and rear lights after locking and automatic activation of the lights when unlocking | • | | €345 |
| | | | • | €177 |
| QQ1 | LED interior lighting package , in addition to the standard interior lighting: - Anti-glare lighting for the passenger compartment comprising door sill and footwell lighting at the front - Illuminated inside door openers - Active door reflectors | • | • | €355 |
| PG3 | Advanced key Including Anti-Theft Alarm. Access and authorisation system which automatically exchanges data between key and vehicle, allowing the driver to keep the key in their pocket or bag at all times. To unlock and open, simply lift the exterior door handle. To lock, press the button on the handle | • | • | €1,155 |
| QR9 | Speed limit display. Camera-based detection and display of speed limits, including temporary speed limit displays. Speed limit signs are recognised by the camera and this enables the current speed limit to be read conveniently in the Driver's Information System (DIS). Should the camera not detect a sign, the speed limit from the navigation system data (if fitted) will be shown. Only available as a no-cost option when Technology package (WI6) and Audi active lane assist (7Y4) are ordered together | • | • | €212 |

Options

| Exterior Equipment | | Sport | S-Line | Priced from |
|--------------------|---|-------|--------|-------------|
| 7Y1 | Audi side assist. Increased safety thanks to monitoring of the blind spot: - - Working within the system limits, it functions above 30 kph using radar sensors to monitor the areas to the side behind the vehicle - It then informs the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind - The system is activated using the MMI car settings | • | • | €775 |
| PX2 PU7 | LED headlights. All-weather LED headlights LEDs for allfront lighting functions. LED Technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other roads. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (In fog, Rain & Snow) Also includes light and rain sensors (PU7) and includes LED tail lights with dynamic flashing rear indicators and headlight cleaning system | • | S | €1,715 |
| 8G1 | High-beam assist. Working within system limits, automatically detects the headlights of oncoming traffic, the rear lights of other road users and built-up areas and depending on the traffic situation, the high beam is automatically switched on or off. Only in combination with Auto-dimming rear-view mirror with light and rain sensor package (PU7) | • | • | €212 |
| PXC PU7 | Audi Matrix LED Headlights. Audi Matrix technology provides maximum and precise illumination at all times without dazzling other road users, and minimum energy required. The Matrix LED units each incorporate 12 separate controllable LEDs which form the high beam and can be individually shut off when sensors detect traffic ahead or approaching to 'divert' the beam around other road users without diminishing its effectiveness. The vehicle uses information from a camera to detect other road users to identify the appropriate lighting required. Also includes: - Dynamic front and rear indicators which sweep from inside out - Headlight cleaning system (8X1) - Light and rain sensors with auto dimming rear view mirror (PU7) | • | | €3,355 |
| | | | • | €1,471 |
| VW1 | Privacy glass. Dark tinted rear and rear-side windows from B-pillar backwards. Not available on Roadster. | • | • | €590 |
| 6XE | Door mirrors – Electrically adjustable, folding and heated. Also includes an automatic kerb view dipping function on the passenger side when reverse gear is selected | • | • | €282 |
| 6XK | Door mirrors – Auto-dimming on the driver's side, electrically adjustable, folding and heated. Also includes an automatic kerb view dipping function on the passenger side when reverse gear is selected. Only in combination with auto-dimming rear-view mirror (PU7) | • | • | €365 |
| 2Z0 | Deletion of model and technology designation | • | • | No Charge |
| MP1 | Metallic Paint | • | • | €950 |
| 2K8 | Blade at front in Body Colour - S-Line only | | • | €100 |

|--------------------|---|-------|--------|-------------|
| UH2 | Hold assist Easily held: Audi hold assist keeps the car stationary once it has stopped and automatically prevents it from rolling on uphill and downhill gradients. There is no need to use the handbrake, making hill starts even easier. | • | • | €112 |
| 7X1 | Audi parking system, rear (also available as part of the Comfort and Sound package). The system warns the driver about obstacles with a warning tone which gets progressively faster as the vehicle moves closer to the obstacle | • | • | €563 |
| 7X2 | Audi parking system plus, front and rear with selective display. In addition to Audi parking system rear, also includes: - - Selectable sensors and detection systems for the front of the vehicle - A visual display in the virtual cockpit which shows the parking situation around the vehicle which displays white distance markers for obstacles that would not be touched and red symbols for obstacles that may be touched | • | • | €1,098 |
| | In combination with Comfort and Sound package | • | • | €534 |
| 7X5 | Audi parking system plus, with park assist. In addition to parking system plus front and rear with selected display: - Ultrasonic sensors are used to search for parking spaces by the roadside and the system calculates the ideal parking path for reverse and parallel parking spaces - The steering action is performed almost automatically - Assisted parking is now even possible in smaller parking spaces and bend areas, and the system will park the car in several moves if required - Steering is done by the vehicle, while the driver only needs to accelerate and apply the brakes - Additional sensors indicate obstacles detected all around and at the side of the vehicle, and warn the driver, making parking easier and safer by setting the correct steering angle | • | • | €1,408 |
| KA2 | Reversing Camera. Gives a camera image of the area behind the vehicle shown in the Audi Virtual Cockpit, with dynamic display modes highlighting the calculated path (steer-angle dependent). Only in combination with Audi Parking System Plus (7X2 or 7X5) | • | • | €640 |
| 6I1 | Audi active lane assist. Helps the driver stay in lane by gentle steering intervention, thereby providing enhanced safety and comfort, especially on motorways and country roads: - - Working within the system limits, it functions between speeds of approx 60 kph to 250 kph and detects lane markings - It then helps the driver remain in lane by active steering intervention and, if desired, vibration when inadvertently leaving the lane without indicating - The system is activated manually by a switch indicator stalk (Standard on the 2.0 TFSI engines) Only in combination with Auto-dimming rear-view mirror with light and rain sensor package (PU7) on the 2.0 TDI engine on Sport trim | • | • | €1,050 |

Audi Genuine Accessories. As individual as the life you lead.

The Audi TT: more than just a means of travel. It is also an expression of a whole personality. Unique – partly due to Audi Genuine Accessories. Products designed so that you can personalise an Audi according to your own wishes. Benefit from customised solutions with convincing design and functionality. Because alongside numerous testing procedures, creativity in development and high production standards are just as decisive for Audi Genuine Accessories as for the Audi vehicles themselves. Discover which tailor-made ideas Audi Genuine Accessories have ready for your lifestyle. A few highlights are illustrated here – please contact your Audi Dealer for more information on the complete range.

Audi Genuine Accessories.

Bicycle fork mount

Convenient. Easy to use. Lockable. Suitable for bicycles with quick-release front wheel. Also available including front wheel mount. Maximum load capacity 17 kg. Can only be used in conjunction with the carrier unit.

Tailgate spoiler

A dynamic eye-catcher: the tailgate spoiler is permanently installed and thus permanently visible – and replaces the standard electrically extendable tailgate spoiler.

Premium textile floor mats and rubber floor mats

Tailor-made for the floor dimensions of the Audi TT. The floor mats are always fixed at the front using the points provided on the floor area of the vehicle. With TT logo.

| | Priced From |
|-----------------------------------|-------------|
| Tailgate Spoiler | €359.50 |
| Bike Fork Mount | €314.50 |
| Premium Textile Floor Mats | €78 |
| Rubber Floor Mats | €37 |

Audi Genuine Accessories.

Ski and luggage boxes*

New Audi design with improved aerodynamics thanks to a flat, sporty look. Platinum grey roof box with brilliant black side blade and chrome-plated Audi rings for a high-quality, revet-free look. Can be locked and opened on both sides for convenient loading and unloading. With internal handle for closing the box. Simple quick-attachment system incl. torque restriction. Position moved forward for better access to the luggage compartment. Available in three sizes: 300 l, 360 l (illustrated below) and 405 l. Maximum permissible load 75 kg.

Business bag

More space for your business tools. The high-quality business bag offers you a storage volume of approx. 14 l – enough space for a laptop of up to 15 inches as well as the various other things you need for the office. Can be securely fastened to the rear bench seat or the front passenger seat using the 3-point seat belt. Can also be used outside the vehicle as an attractive briefcase.

USB adapter for Audi music interface

For the connection of various Apple iPod and iPhone models and other media players to the optional Audi music interface. Available in different versions. The media player can be operated via the infotainment system. For more detailed information, please contact your Audi partner.
